King Lehr Jun 17 2021 Harry Symes Lehr was born in 1869 into a family that was neither wealthy nor socially prominent. His natural gift for entertaining and his penchant for hobnobbing with the very rich earned him entry to the powerful circle of the New York and Newport social elite, where Harry clowned his way to a position of prominence. One of his admirers and patrons, Mrs. Stuyvesant Fish, introduced him to a young widow, Elizabeth Wharton Drexel. Elizabeth was smitten with young Harry, his elegant dress, and outrageous behavior. They were soon married. But King Lehr had a secret--he was not what he seemed. On their wedding night he cruelly dictated to his new bride the rules of their strange bedfellowship. For twenty-three years, Mrs. Lehr protected his secret and remained in a loveless and abusive marriage. After Harry's death, Elizabeth remarried, to the Baron Decies. Lady Decies wrote down her secret story in 1938, incorporating Harry's most intimate diaries, and told all in this scandalous tale of power, desire, and deception.

Sherman Medium Tank 1942-45 Oct 22 2021 The M4 Sherman tank was the mainstay of the Western allies between 1942 and 1945. Fast and modern it was better than most of the tanks Britain had to offer. The American Chief of Staff claimed in November 1943 that it had been hailed widely as 'the best tank on the battlefield today'. However, by the time of the Normandy invasion of June 1944 this was not the case. The new heavy tanks being produced by the Germans were able to outclass the Sherman in both armour and armament. This title describes the development and operational use of the Sherman medium tank

Singing for Survival Apr 03 2020 Gila Flam offers a penetrating insider's look at a musical culture previously unexplored---the song repertoire created and performed in the Lodz ghetto of Poland. Drawing on interviews with survivors and on library and archival materials, the author illustrates the general themes of the Lodz repertoire and explores the nature of Holocaust song. Most of the songs are presented here for the first time. "An extremely accurate and valuable work. There is nothing like it in either the extensive holocaust literature or the ethnomusicology literature." -- Mark Slobin, author of *Chosen Voices: The Story of the American Cantorate*

The Price of Principle May 17 2021 In his fiftieth book, *The Price of Principle: Why Integrity Is Worth the Consequences*, Alan Dershowitz—#1 New York Times bestselling author and one of America's most influential legal scholars—explores the implications of the increasing tendency in politics, academia, media, and even the courts of law to punish principle and reward partisan hypocrisy. Alan Dershowitz has been called "one of the most prominent and consistent defenders of civil liberties in America" by Politico, and "the nation's most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights" by Newsweek. Yet, he has come under intense criticism for living by his principles and applying his famed "shoe on the other foot test." *The Price of Principle* is about efforts to cancel Alan Dershowitz and his career because he has insisted on sticking to his principles instead of choosing sides in the current culture and political war dividing our country. He explains that principled people are actively punished for not being sufficiently

partisan. Principle has become the vice and partisanship the virtue in an age when partisan ends justify unprincipled means, such as denial of due process and free speech in the interest of achieving partisan or ideological goals. Throughout his narrative, Dershowitz focuses on three sets of principles that have guided his life: 1) freedom of expression and conscience; 2) due process, fundamental fairness, and the adversary system of seeking justice; and 3) basic equality and meritocracy. He documents the attacks on him and others like him for being “guilty” of refusing to compromise important principles to promote partisanship. He names names and points fingers of accusation at those who have led us down this dangerous road. In the end, *The Price of Principle* represents an icon in the defense of free speech and due process reckoning with the challenges of unprincipled attacks—a new brand of McCarthyism—and insisting that we ask hard questions about our own moral principles.

Japanese Army Air Force Aces 1937-45 Jun 05 2020 Little has been published in English on the Japanese Army Air Force (JAAF), let alone its most successful fighter pilots no less than 150 of them achieved ace status during eight years of near-constant war, and they are all listed in this volume. From the arid plains of the Mongolian border region to the lush jungles of New Guinea, the JAAF was more than a match for the many opponents it fought against for control of the skies. Indeed, even when the mighty Allied war machine proved almost overwhelming from early 1944 onwards, the elite fighter pilots of the various sentais within the JAAF fought on with near-fanatical loyalty in defence of the Home Islands. Aircraft of the Aces 13 and 22 are also available in a single volume as 'Aces of the Rising Sun 1937-1945'.

Manhattan '45 Oct 02 2022 "Morris's rendition of the city's 1945 moods conveys what it felt like to live in New York at that time... A book crammed with details that bring life again to a city that glows in one's memory." -- New York Times Book Review In 1945, New York City stood at the pinnacle of its cultural and economic power. Never again would the city possess the unique mixture of innocence and sophistication, romance and formality, generosity and confidence which characterized it in this moment of triumph. In *Manhattan '45*, acclaimed travel writer and historian Jan Morris evokes the city in all its romantic grandeur. From its beguilingly idiosyncratic architectural style to its unmistakable slang, post-War New York springs to life through Morris's brisk, affectionate prose. Morris visits Wall Street, Harlem, Greenwich Village, Chinatown, and the Lower East Side. She rides the trollies, the El, the Hudson River ferries, and the Twentieth Century Limited. She dines at Schrafft's and Le Pavillon, drinks ale at McSorley's Saloon, sips Manhattans at the Manhattan Club, and spots celebrities at El Morocco. She meets Fiorello La Guardia, Robert Moses, Leo Durocher, I. B. Singer, and Dizzy Gillespie. And she tours the tenements of Hell's Kitchen and the Gashouse district, as well as the Foundling Hospital where the crushing realities of poverty belie the unchallenged exuberance of the age. Taking into account both Social Register and slum, *Manhattan '45* celebrates New York's Golden Age as a place where, for one unrepeatable moment in history, anything seemed possible. "Vivid descriptions and diverting anecdotes of life make for a fascinating and enjoyable tour. Morris conveys the excitement of being in New York City as it awakens to a new age in a book that will absorb all lovers of Manhattan." -- Library Journal "Accomplished with a surprising feeling of immediacy...

HERO VISION Sep 20 2021

The Japanese Army 1931-45 (2) Mar 15 2021 Within months of its greatest triumph in 1942, the Japanese Imperial Army began to face the difficulties which would eventually destroy it - overstretched supply lines, and inadequate industrial support. Yet as the Allies grew steadily stronger and more skilful during World War II (1939-1945), the Japanese Army and Naval Landing Forces dug in to defend their conquests with a determination which shocked all who fought them. In this second book the author describes the deployments, organisation, uniforms and equipment of the Army - including the dreaded Kempei-tai military police - the naval infantry, paratroopers, special raiding units, and foreign auxiliaries during the long and savage war in Burma and the Pacific. His text is illustrated with many rare photographs, three insignia charts, and eight highly detailed colour plates.

The Heroes of '45 Sep 28 2019 The Heroes of '45 by Ron Mielech The Heroes of '45 by Ron Mielech is an enchanting tale of historical fiction; however, this could very easily be a story told about life in a small Kentucky town during the war. The action takes place in 1945, following thirteen-year-old Richard Townsend. During the war, Richard's father, C.F., continues his legal practice on the home front, while others of Richard's family and friends are serving their country at war. Richard is pleased that his father is safe but is disappointed that he has not served in the military. Richard could not possibly have known at the beginning of summer how much his life would change. Through a course of events that took place by summer's end, he would realize that you don't have to fight a war to be a hero. He witnessed the heroic acts of others, including his father. Once he realized all of the truly good things his father did for others, he was proud to follow in his footsteps. And then, came the end of

US Navy Aircraft Carriers 1942-45 Feb 11 2021 Aircraft carriers were the US Navy's principal weapon against Japan during the Pacific War. Development of the Essex class began in 1939, becoming the largest class of carrier ever to be built. Early in the Pacific War it became renowned for its 'Sunday Punch' of 36 fighter planes, 36 dive bombers, and 18 torpedo planes. Alongside the lighter Independence class, these carriers formed the formidable Fast Carrier Force in the Pacific. Featuring artwork detailing the interior and exterior features of the ships, this book explores their design, development, and the action they saw in the Pacific, including the climactic battles of Philippine Sea, Leyte Gulf, and Okinawa.
