Hobbes: Leviathan Jan 25 2022 Thomas Hobbes' Leviathan is arguably the greatest piece of political philosophy written in the English language. Written in a time of great political turmoil (Hobbes' life spanned the reign of Charles I, the Civil Wars, the Commonwealth and the Protectorate, and the Restoration), Leviathan is an argument for obedience to authority grounded in an analysis of human nature. Since its first publication in 1991 Richard Tuck's edition of Leviathan has been recognised as the single most accurate and authoritative text, and for this revised edition Professor Tuck has provided a much amplified and expanded introduction, which will provide students unfamiliar with Hobbes with a cogent and accessible introduction to this most challenging of texts. Other vital aids to study include an extensive guide to further reading, a note on textual matters, a chronology of important events and brief biographies of important persons mentioned in Hobbes' text.

BSCS Biology, Student Edition Oct 22 2021 Biological Science: a Molecular Approach (BSCS Blue Version), prepares honors or gifted students for the biology of the future by challenging them to think scientifically, to integrate concepts, to analyze data and to explore complex issues. Inquiry-based learning, a molecular perspective on the major concepts in biology and a focus on the nature and methods of science have been mainstays of the Blue Version since the first edition was released in 1963. The eighth edition incorporates new perspectives and understandings across major subdisciplines of biology such as genetics, cell biology, development, systematics, behavior, immunology and evolution—the central organizing theme of biology. As with BSCS's other biology programs, Blue Version provides an alternative to the presentation of vocabulary and isolated facts by using inquiry to present biology as an experimental science. Blue Version also recognizes the role that biology will play in the lives of students, who need an understanding of the possibilities and limitations of biological technology as they make decisions about everything from food products to medical care. By presenting science as a way of exploring the drama and beauty of the living world, students come to use scientific inquiry as a means to investigate the biological bases of problems in medicine, agriculture and conservation, which will provide a context in which students can appreciate the relationship of biology to personal and societal issues. Blue Version begins with a focus on the content of biology at the level of organization of molecules. The threads of molecular biology and the theory of evolution by natural selection tie together the chapters as the emphasis changes gradually from molecules to cells, individuals, populations, and finally to the biosphere. Seven unifying principles serve as a framework for conceptual biology

New to "Backgrounds and Contexts" are additional letters, a compositional chronology, related prose, and reviews of the 1847 text. A good man? A lunatic? God? There's little question that he actually lived. But miracles? Rising from the dead? Some of the stories you hear about him sound like just that--stories. A reasonable person would never believe them, let alone the claim that he's the only way to God! But a reasonable person would also make sure that he or she understood the facts before jumping to conclusions. That's why Lee Strobel--an award-winning legal journalist with a knack for asking tough questions--decided to investigate Jesus for himself. An atheist, Strobel felt certain his findings would bring Christianity's claims about Jesus tumbling down like a house of cards. He was in for the surprise of his life. Join him as he retraces his journey from skepticism to faith. You'll consult expert testimony as you sift through the truths that history, science, psychiatry, literature, and religion reveal. Like Strobel, you'll be amazed at the evidence--how much there is, how strong it is, and what it says. The facts are in. What will your verdict be in The Case for Christ?
